

05th January 2020

Front-lines

Associated with ISO 9001:2015 Certified Institute, Govt. Reg. 606
Affiliated to National Board of Computer Education (NBCE), New Delhi,
ISO-9001-2015(Reg. 0723)

Preface: As the modern days requirements of computer professionals, every sector of working fields wants to have excellent in computer professionals with “some extra” touch of skill.

In this computer training institute not only heartily willing to fulfill the technical requirements of all students but gives them the required “Professional touch” to build up themselves as a professional from the very first of their carrier. In this process we have had taken simple steps to make their dreams of carrier in reality. Students of this center can flourish their ideas, concepts through learning, advance workings or projects and confidence of communication using Audio visual interaction.

COMPUTRONICS, A GATE WAY TO COMPUTER WORLD started its journey to fulfill the goal with the determination and desire in the year of 2009 at 5 No. Serampore Colony, Rajyadharpore (S), Serampore, Hooghly (W.B.).

This institute been registered by Government of West Bengal. This institute being associated with BBKA, Hindmotor , An ISO 9001:2000 Certified Institute since the year of August 2009.

The affiliation now graded up to 9001-2015. We have the authentication to provide ISO certificate to our students of the different discipline. This certificate is also accepted by the Employment Exchange (Department of Labour, Govt. of India).

We have just been affiliated and having a joint collaboration with NBCE(National Board of Computer Education), New Delhi, ISO-9001-2015 with a scheme of JOB-Portal scheme.

Mission & Vision:~

Developing such an institute; our “clear vision” were on the foundation of commitment to;

- ✓ Develop “Computer Educated” pupil from “under privileged community” of our society.
- ✓ Make the pupil “Confident” about their learning, doing and also indulge their thoughts.
- ✓ Encourage Creativity and support to overcome the “complex” of financial-weaknesses.
- ✓ Building a Group of Smart Professionals with communicative skills.
- ✓ Arrange the computer facility within the reach of everyone.

Secretary’s column:~

In the very much beginning I express my sincere congratulation and thanks to all the students and technical experts for being a part of a mission to make the computer training under the reach of every part of the society specially crossing the barrier of financial barrier .

As we know we are now living in the era of technology and most specifically in the era of computer applications. Computer engineering and technology keep changing the world very encouragingly. The excitement of using technology now a days are amongst the general civic society. We have an urge to grip the utilization in different ways to use it as well as to gather the knowledge about their forthcoming application possibilities.

It is so imperative to promote on-campus /off-campus of any educational or training institute to create some opportunities of research oriented works/ projects for undergraduate students to open up their mind for the destination of innovation and also provide them exposure to presentations by experts for knowledge sharing on computer application and best practice.

I wish to congratulate and encourage to all involved in developing it a great success.

I would like to congratulate all the Awardees and prize holders of Beacon’20 and PSDP’20 and also convey my thanks to the all around support come across from the guardians, collaborators and non other the almighty GOD himself.

Thanks to all and wishes.

Mr. P. Chakraborty

We offer:~

CPS (Certificate in Programming and Software) (CBF/ XI, XII and B.Sc./DCSE/DEE/DECE)

- ✓ Websites and Architecture(HTML) & XML
- ✓ C /C++ programming
- ✓ DBMS (SQL Server)
- ✓ P.H.P. and JSP (JAVA Script)
- ✓ 3D-Home Architect
- ✓ CMS(Multimedia)

SCC (SPECIAL CERTIFICATE COURSE) (VIII or CBF and B.A./B.Sc./DCSE/DEE/DECE)

- ✓ P.C. Maintenances and Hardware
- ✓ D.T.P.
- ✓ E-commerce
- ✓ English Communication (Set-I* and II)
- ✓ E-women

Infrastructures:~

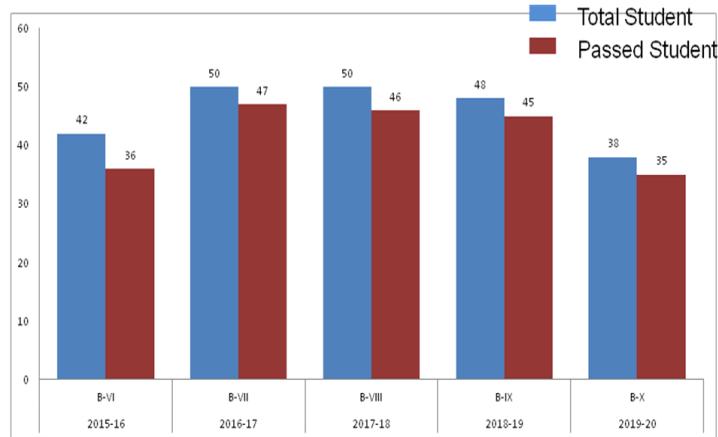

- One man one machine system.
- Eminent teaching by Professionals with responsibility.
- Library books.
- Study materials (Class-V-IX, CBF and others).
- FREE internet facilities for project development for students.
- Advance software handling facility.

- A.V. class/ Communication development program (PSDP).
- Effective Assignment and Project (IET/IEI and ISO format)

Laboratory Facilities:~

- ✓ Programming (C, C++, JAVA, DBMS) Lab .
- ✓ Programming and Web Technology Lab .

- ✓ PC Hardware and Maintenance Lab .
- ✓ English communication with A/V facilities* (from class-VII onwards)

Over view on result:: (Class-5th to 9th)

“Computronics” took an oath to take initiative and effort to train the trainee into competitive candidates for job sector but not give them the vague assurance of “placement”. We can help them to build them as suitable competitor but we cannot provide the job or create the jobs for them but we can assure them about their skills they will get premises.

Activities::

CONFERENCE:

- ❖ A Technical Conference on Modern Trends in Computer Application (TCMTCA-2014), February 16th, 2014 Serampore, Hooghly, West Bengal was organized by Computronics, A Gateway to Computer World
- ❖ A District Conference on Modern trends in Computer Application (DCMTCA-2011) is going to be organized by Computronics on 6th November 2011, in Serampore Town hall.

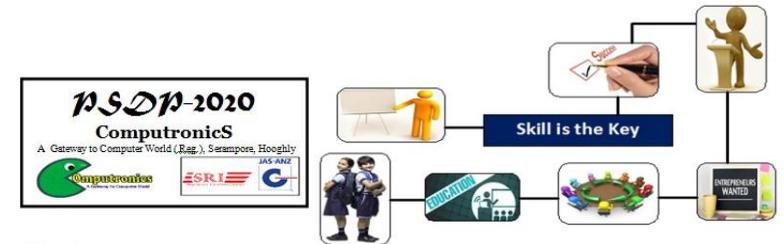

Accepted project’s abstract will be published in the proceedings of the conference. The participant may use hardware project/ model in the time of final presentation.

Future Plans::

- ❖ Introduction of new courses in emerging and frontier areas of study.
- ❖ Augmenting infrastructural facilities to match latest trends.

- ❖ Providing further quantum boosts, equipment and other facilities for pupils.
- ❖ Organize a state-level summit of computer professionals.
- ❖ JOB facilities improvement
- ❖ Focusing on Mental Health of the students by “meditation”
